

HEALTH DATA LITERACY, MICROCREDENTIAL

The health data literacy microcredential from Saint Louis University aims to enhance students' skills in understanding, analyzing, and applying health data effectively. The microcredential would be valuable for students in any major at SLU who are interested in working in the health care industry someday.

Admission Requirements

For current, active Saint Louis University students wishing to declare a microcredential, complete the Update for Student Curriculum Record form (<https://ask.slu.edu/TDClient/30/Portal/Requests/ServiceDet/?ID=160>).

For non-Saint Louis University students, click here to apply as a Visiting/ Non-Degree Seeking Student. (<https://www.slu.edu/admission/visiting-students.php>)

Learning Outcomes

- Students will learn about various sources and uses of health data.
- Students will develop skills to analyze health data and interpret data trends, identify patterns, and draw meaning.
- Students will communicate health data insights.

Requirements

Code	Title	Credits
