

# COMPUTER SCIENCE, MINOR TO ARTIFICIAL INTELLIGENCE, M.S. ACCELERATED PROGRAM

Saint Louis University's computer science minor to artificial intelligence M.S. accelerated program allows a student to complete, in an accelerated fashion, both a minor in computer science and the Master of Science in Artificial Intelligence.

SLU students may choose to pursue a minor in computer science in addition to their chosen bachelor's degree major.

For additional information, see the catalog entries for the following programs:

Computer Science, Minor (<https://catalog.slu.edu/colleges-schools/science-engineering/computer-science/computer-science-minor/>)

Artificial Intelligence, M.S. (<https://catalog.slu.edu/colleges-schools/science-engineering/computer-science/artificial-intelligence-ms/>)

## Requirements

### Admission Requirements

Students who want to apply to this accelerated minor to master's program should have completed at least 75 credits at the time of application and must have already completed or be enrolled in CSCI 2100 Data Structures.

Students must have a cumulative grade point average (GPA) of 3.00 at SLU and must have received grades of "B" or better in all CSCI courses thus far. To apply, students must submit a personal statement and arrange for two letters of recommendation.

### Program Requirements

Students must maintain a cumulative GPA of at least 3.00 and a GPA of at least 3.00 in their computer science coursework. Students who drop below that GPA while in the accelerated program will be placed on a one-semester probationary period before being dismissed from the accelerated program.

Students can take up to 15 credits of graduate coursework that will count for both their undergraduate program and the M.S. Courses and credits included are below.

Undergraduate Program Requirement	Met by Graduate Course
3-credit Systems Elective at the 3000-level	Systems Elective at the 5000-level
6 credits CS Electives at the 2000-level or above	CSCI 5750 & CSCI 5740
6 credits University Electives	6 credits of AI Electives
